

PACKAGING THAT FITS YOUR SERVICE NEEDS.

- ▶ The Tandem® insecticide 2-quart bottle is designed to meet the needs of large-volume accounts
- ▶ Features iCAP™ technology, which provides immediate knockdown and long-lasting residual control
- ▶ Counts as a qualifying product for the PestPartners™ 365 program

Pest Management Professionals (PMPs) that service large-volume accounts need products that are packaged at the right size for a cost-effective price. That's why Syngenta is offering a package size for Tandem in the form of a 2-quart bottle to best suit your specific business needs.

FORMULATED FOR LONG-LASTING PROTECTION

In addition to being formulated with iCAP technology, a proprietary technology developed by Syngenta, Tandem offers the following unique benefits:

- ▶ Provides quick knockdown and long-lasting “cupboard-to-curb” control of more than 90 insects
- ▶ Combines the power of two active ingredients, *lambda-cyhalothrin* and *thiamethoxam*, to provide a double assault on pests with one product
- ▶ Can be used indoors for residential and commercial areas, outdoors for perimeter and spot treatments for general pests, and for full yard treatments to control turf pests

ADDED SAVINGS WITH PESTPARTNERS 365

To provide further convenience for your business purchases, the Tandem 2-quart bottle is a qualifying product for the Syngenta PestPartners 365 Program. PMPs who qualify for the program can continue to purchase Tandem and earn rebates for the remainder of the calendar year. To learn more about rebate earnings, please visit www.PestPartners365.com and view the program sheet.

Syngenta strives to help you solve your pest problems across a wide range of situations, from small-scale jobs to extensive work on large accounts. Find your perfect fit with Tandem.
